

# BANNER ACROSS THE RD

words & music by Stash Kirkbride © 2024

Verse 1: Sweet darling I love you, so beautiful in every moment  
And if we had our time again, I wouldn't even change a thing  
Sweet Love, come to me now, waited a lifetime to tell you

**CHORUS: There's a banner, there's a banner across the rd,  
Telling the world I love you  
See it swinging, hear it ringing, in the breeze,  
Saying I love, Saying I love**

Verse 2: Waited a lifetime to find the words  
Waited a lifetime, for the right time  
Now we've climbed every mountain  
Turned every page,  
I'm loving you better, with the coming of age

**CHORUS: There's a banner, there's a banner across the Rd  
Telling the world I love you  
See it swinging, hear it ringing, in the breeze,  
Saying I love you, Saying I love you**

instrumental

**CHORUS: There's a banner, there's a banner across the rd  
Telling the world I love you  
See it swinging, hear it ringing, in the breeze  
Saying I love you, saying I love you, to the world  
And it only to a lifetime, and now, at last, it's the right time**
