

I NEED A FRIEND

Words by Stash Kirkbride & Neil Sutton. Music by Stash Kirkbride.

Verse 1: You came to me, when the tears were in my eyes.
I was alone and broken hearted.
You said hello, forget goodbyes.

You came my way, and everything in life was new.
You're every day of my tomorrows.
And now you're here, the past is through.

**CHORUS: I need a friend, to call my own.
Someone to love, and guide me home.
I need a friend, and I'm reaching out to you.
Tonight, oh yeah.**

Verse 2: Give me your hand,
And I will hold you through the night.
And when I wake with you beside me,
We'll kiss again in morning light.

**CHORUS: I need a friend, to call my own.
Someone to love, and guide me home.
I need a friend, and I'm reaching out to you.
Tonight, oh yeah.**

**I need a friend, to call my own.
Someone to love, and guide me home.
I need a friend, and I'm reaching out to you.
Tonight, oh yeah.**

**I need a friend, to call my own.
Someone to love, and guide me home.
I need a friend, and I'm reaching out to you.
Tonight, oh yeah.**

**I need a friend, to call my own.
Someone to love, and guide me home.
I need a friend, and I'm reaching out to you.
Tonight.**
