

IT'S CHRISTMAS TIME

Words & music by Stash Kirkbride

Verse 1: Here you are once again, you beautiful time of the year.
Just when the light was starting to fade, you brighten up our very day.
Look and look again and see the wonder, on the face of every woman and every man.
Can't you hear the laughter, from every child throughout the land?

CHORUS: It's Christmas time, bells are ringing
Throughout the world, children are singing
To me and to you and it's all coming true
And it's special for it's Christmas time.

Verse 2: Imagine if you will, a world so still that you can hear every angel sing.
Little by little, we're picking up the pieces and putting the family back together again.
And if only just for one day, and only in a small way,
It's gotta be worth it in the end.

CHORUS: It's Christmas time, bells are ringing
Throughout the world, children are singing to me
To you and it's all coming true
And it's special for it's Christmas time.

It's Christmas time, bells are ringing
Throughout the world, children are singing
To me and to you and it's all coming true
And it's special for it's Christmas time.

INSTRUMENTAL

It's Christmas time, for everyone
It's Christmas time, for evermore
