

# ***TO KNOW YOU IS TO LOVE YOU***

*Words & music by Stash Kirkbride*

Verse 1: When I first met you, I couldn't quite believe  
All the years we'd spent apart  
Roads and places, familiar faces  
And yet, I knew you well  
And I couldn't wait to tell

**CHORUS: To know you is to love you  
There is no other you. I have tried,  
but only lied to myself,  
For I can see, that there will never be,  
Somebody better than you**

Verse 2: So never doubt and do without  
The things that hold us back  
You are better than all that.  
Relive your life, claim each moment  
And I'll be running by your side  
Telling everyone I know they're the lucky ones  
To see you come and see you go  
Spreading your wings and flying high

**CHORUS: To know you is to love you  
There is no other you.  
I have tried, but only lied, to myself  
For I can see, that there will never be  
Somebody better, no matter whoever  
No, somebody better than you**

Middle 8: And so to life and all there is to know  
When you're here by my side.  
I can see the rivers turning  
People living and learning  
There's more to life, when you've found love,  
Thank God for you, babe

**CHORUS: And to know you is to love you  
There is no other you.  
I have tried, but only lied to myself  
For I can see, that there will never be  
Somebody better, no matter whoever  
No, somebody better than you**
